
Mercury Service

Always in motion

Delivery by Design
Time after time
You can depend on us

**Serving Ohio, Kentucky, West
Virginia, Central Indiana and
Western Pennsylvania**

Your door to hassle free delivery

Our couriers are courteous and professional, realizing that confidentiality, appearance and attitude are important in good customer relations. Improve the efficiency of your whole operation by choosing Mercury Service while your customers appreciate our punctuality and reliability. Our night lockbox service allows your customers to receive their shipments during the night so that when they arrive in the morning the work is available. They place all return items in the box at the end of their work day, giving them more time for processing their lab work. We offer a variety of lock box sizes.

It is secure and safe with the majority of our customers choosing night lockbox service. It's a win-win for all!
